

# Product Datasheet

Item No.: 46982

PRODUCT NAME

## Solarline LED floodlight with additional 12 V battery connection cable 60 W - 4000 lm

Reference image

- IP44: protected against foreign bodies
- Maximum flexibility thanks to solar panel and battery terminals. Mobile LED floodlight with solar panel for charging with sunlight. Alternatively, the floodlight can also be connected to a car battery. The perfect set for outdoor enthusiasts.
- Included in delivery: LED floodlight, solar panel with mounting bracket and mounting parts, 2 remote controls each with 2x AAA batteries, connection cable with battery terminals for 12 V car batteries
- Floodlight with maximum operating time of up to 4.5 hours, with timer function, adjustable dimming in several stages
- Default setting: The LED floodlight switches on automatically when it gets dark and off automatically when it gets light.
- Beam angle: 120°
- 3.5 m connecting cable between floodlight and solar panel for solar operation
- Alternatively, 4.5 m connecting cable with battery terminals for connecting the floodlight to a 12 V car battery
- All cables with SAE connectors
- Temperature range: -25°C to 60°C
- Two remote controls (one as a spare), infrared (range 8 to 10 m), with 2x AAA batteries per remote control
