

# Product Datasheet

Item No.: 71871

PRODUCT NAME

## Mains power cord for inverter 5 m H07RN-F 3G1,5

Reference image

- IP44: protected against foreign bodies and splash-proof
- 1st end: Shock-proof straight plug (IP44)
- 2nd end: Betteri® connector socket BC01 (IP68)
- 230 V

### Technical data

|                     |                                          |
|---------------------|------------------------------------------|
| EAN                 | 4011160718717                            |
| Weight [kg]         | 0.85                                     |
| Main color          | black                                    |
| Category            | Power cords                              |
| Subcategory         | Power cords                              |
| Cable type          | H07RN-F                                  |
| Cross section [mm²] | 3G1,5                                    |
| Cable color         | black                                    |
| Cable length [m]    | 5                                        |
| Rated voltage [V]   | 230                                      |
| Rated current [A]   | 16                                       |
| Maximum power       | 3500 W                                   |
| IP protection       | IP44                                     |
| Input               | Shock-proof plug 230 V, 16 A, IP44       |
| Output              | 1x Betteri® connector socket BC01 (IP68) |
| Number of cores     | 3                                        |
